VOLUME FIVE, NUMBER FIFTY

BAY ST. LOUIS, MISSISSIPPI THURSDAY, AUGUST 19, 1954

Subscription \$2.00 a Year—Single Copy 5c

Prizes Are Announced For Legion Junior Fish Rodeo

In contrast to last year's Legion Junior Fishing Rodeo, when the highest prize was listed at 50¢ per inch, this year's Rodeo will have two classes of fish which will be listed at one dollar per inch, according to Gerald V. Price Sr., who is chairman of the committee, for the Clement R. Bontemps Post 139.

Several other classes of fish have been upped in cash prizes according to length, Price stated.

Prizes have been boosted approximately 50 per cent in this year's Rodeo to encourage even greater participation by local and visiting boys and girls, he added.

The event is open to local and visiting boys and girls up to sixteen years of age.

Prizes for the longest fish will be awarded as follows:

- Speckled Trout, 35¢ per inch
- White Trout, 35¢ per inch
- Pompano, 25¢ per inch
- Spade Fish, 50¢ per inch
- Pin Fish, \$1.00 per inch
- Sheephead, 35¢ per inch
- Croaker, 30¢ per inch
- Mackerel, 25¢ per inch
- Flounder, 35¢ per inch
- Sardine, \$1.00 per inch

All other classes of winning fish will be paid at the rate of 10¢ per inch.

The youthful fishing enthusiasts will be required to register to be eligible to compete for cash awards and valuable gifts being presented by the Legion, Price said. There will be no charge for this registration, which begins at once at the Legion Home on South Beach, he said. Advance registration is not required, but it is desired, he added.

The Junior Fishing Rodeo is held each year on the Saturday before Labor Day. This year the date falls on Sept. 4. The event will start at 8 a.m. and end at 5 p.m. the same date.

Fishing in the Rodeo will be restricted to the Legion's public pier and the shell pile at that point.

LOCAL LEGION TO SEND EDWARD PERRY TO CONVENTION

Edward S. "Ted" Perry, Bay St. Louis delegate to Boys State and Boys Nation where he became, respectively, Governor and President, will attend the National Convention of the American Legion at Washington, D. C. the week of August 29 through arrangements by the local Post at its announced today by Fred E. Fayard Sr., Chairman of the Americanism Committee of the Clement R. Bontemps Post 139.

Young Perry is a student at St. Stanislaus and originally was sponsored by the Pere Le Duc Council 1522 of the Knights of Columbus who along with the Bay St. Louis Rotary Club each to Boys State at Jackson earlier this summer.

SJA FACULTY NAMED FOR 54-55 SESSION

Mother Anna Mary of St. Joseph's Academy announces the following members of the faculty for the 1954-55 session:

Sister Louise Raphael will replace Sister Adrienne as Principal of the St. Joseph Academy, New Orleans.

Sister Miriam, formerly of SJA, New Orleans, will replace sister Eugenie who has been transferred to McNicholas High School, Cincinnati.

Sister Juliana from Holy Rosary school in New Orleans replaces Sister Angeline, who will be at the Hospital in Houma, La.

The remainder of the faculty, who were here last year, include Sisters Louise Ellen, Albertine, Antoinette, Winifred, Celina, Leonard, Irene Marie, Maria and Jean.

The lay faculty has not yet been named.

THOMAS EGLOFF IS BURNED WHEN BUTANE GAS TANK EXPLODES

Thomas Egloff, employee of Bessman Gas, was badly burned Saturday afternoon at 3:30 while filling a Butane gas tank at the home of Mrs. Joseph Wegman, Waveland.

A new Buick automobile and a recent addition to the Wegman home were total losses as a result of the explosion.

It was claimed that a faulty pop-off valve and too close proximity of a hot water heater to the Butane tank were responsible for the happening.

Egloff was treated at King's Daughters Hospital where he was taken by Mayor Garfield Lader of Waveland following the accident.

Egloff received burns on the head, face, neck, arms and hands, and will be confined to his home for some time.

Bay High Faculty Members Receive BA Degrees Aug. 18

Three faculty members of Bay High School received BA Degrees in the College of Education at Mississippi Southern, Hattiesburg, Wednesday, Aug. 18.

They are Mrs. Celine Ashcraft, Mrs. Ethel Zengler and Miss Luvenia Saucier.

While a student at Mississippi Southern, Jack held the position of Secretary-Treasurer of the American Chemical Society of which he was a student affiliate. He is a member of Kappa Mu Epsilon, National Honorary Mathematics Fraternity, a member of the Mississippi Delta Chapter of Alpha Epsilon Delta, National Premedical Honor Society, and a member of the Newman Club.

TO REBUILD CIVIC HALL AT LAKESHORE SOON

Work on a new Civic Hall at Lakeshore to replace the one destroyed recently by fire will begin in the near future.

Plans have been given for bids on the work.

Legion Hospital Committee Reports Findings Tuesday

Registration Starting At Bay Schools This Week

Announcements were made by school officials this week of the opening of the schools in this area, with most of them scheduled to be into the fall session by the third week in September.

School will begin at St. Stanislaus on the 7th of September for boarding students and on the 8th of September for day students. Registration will begin today, Aug. 19.

Registration will be on September 3 at Bay High School, with school scheduled to begin on September 7. At Christ Church Episcopal Day School, the school will open on Sept. 13, with registrations being made all during this last week.

It is recommended that parents get their registration in as early as possible as some classes are already full.

Registration is today and Friday at St. Joseph Academy, with school scheduled to start the day after Labor Day, Sept. 7.

Valena C. Jones school will open the Tuesday after Labor Day, with registration to be held on Sept. 3. In an announcement this week, all patrons and interested citizens of the school were requested to attend a PTA meeting in the assembly room of the main building at 7:30 p.m. Thursday, Aug. 26.

Registration will be held at St. Rose de Lima school on Sept. 2 and 3, with school to begin Sept. 7.

John D. Rutherford Jr., Chairman of the Hospital Committee of the Clement R. Bontemps Post 139 made the following report after a meeting of the Committee at the Legion Home on Tuesday night:

Among visitors showing a deep interest in the Legion's Hospital Program were Eugene Mogabgab, local architect, and Dr. C. M. Shipp, County Health Officer.

Floor plans for a hospital were discussed and explained by Mogabgab. Many facts concerning the construction, operation and maintenance of a hospital were explained by Dr. Shipp.

Prices on several pieces of property in Bay St. Louis and outside the City limits which might be suitable for the location of a hospital have been studied by the committee. It was revealed that several pieces of property have been offered to the Legion without cost as sites for a hospital. None of the sites have been accepted or declined at the present time.

Communications by the Committee have been made with Foster L. Fowler, Director of the State Commission of Hospital Care. Fowler has assured the Legion committee that he will be in Bay St. Louis within the next few days to meet with this Committee, city and county officials, doctors, and other interested citizens to discuss possible plans for a hospital. It is understood that Fowler will view the various sites offered to the Legion and decide which properties are most suitable for the location of a hospital.

Members of the Committee felt that much progress has been made and that the general reaction of citizens of Hancock County has been reassuring. The committee reaffirmed its intentions of seeing the project to the successful conclusion of a new and modern hospital in Hancock County.

Emergency March Of Dimes Campaign Now Under Way In Hancock County

With polio incidence mounting throughout the nation and March of Dimes funds exhausted, the citizens of Hancock County are rallying in support of the Emergency March of Dimes, Mrs. Theo Tudury, campaign director, declared today.

Volunteer workers, taking time out of their normal vacation period, have mailed 4000 letters of solicitation outlining the grim financial crisis faced by the polio-fighting organization, Mrs. Tudury said. The crises arises from a combination of the greatest patient aid load in history and the tremendous-

ly costly new program of polio prevention, she added.

Women helping in the mailing project include Mrs. Harold Kranke, Mrs. Gerald Favre, Mrs. Chas Van Trier, Mrs. Pat Murphy and Mrs. Gladys Chapman.

In addition, 200 coin collectors are being distributed throughout Hancock County by Theo Tudury, Gerald Favre and Mrs. Dan Russell.

The coin canister carries a picture of a little girl in an iron lung, symbolizing the thousands of polio patients whose lives depend on March of Dimes help.

At the time the picture was taken, Mrs. Tudury said, the child relied on the huge tank respirator for every breath she drew. Today, thanks to care made possible by the March of Dimes, she can romp and play with other children.

"We know that when the people of Hancock County are informed of the desperate need of polio patients all over the country and are given the opportunity to help, they will do so," Mrs. Tudury said.

The Emergency March of Dimes is being conducted Aug. 16-31.

Both young people are fresh and vibrant and form an interesting angle in this delightful vehicle.

Cleta Key Miller acts as the maid, her second role in this organization. The costumes are colorful and the setting in keeping.

The organization wishes to announce that the program is not limited to members, but is open to the public. The playhouse is on the corner of Boardman and "A" street and is easily accessible. Door admission is \$1.00. The theatre will be air-cooled for the comfort of its patrons and curtain call is for \$1.15. Come out and bring the family. It is well worth while.

COMMITTEES NAMED BY LEGION AUXILIARY

Mrs. Russell Elliott, chairman of the American Legion Auxiliary of Clement R. Bontemps Post 139, has announced the following committee chairmen appointments for 1954-55:

Americanism, Mrs. Frank Taconi; Child Welfare, Mrs. Nellie Nelson; Civil Defense, Mrs. Emily LaCoste; Community Service, Mrs. Ida Tolhardt; Constitution and By-Laws, Mrs. Lucien Kidd; Education of Orphans of Veterans, Mrs. Anthony Noto; Treasurer, Mrs. Randolph Bourgoin; Girls' State, Mrs. Guy Burkin Jr.; Activities, Mrs. Lena Davis, co-chairman; Mrs. Katherine Noto; Legislative, Mrs. Clairborne Ladner; Membership, Mrs. Gordon Rumanoff; Music, Mrs. L. S. Elliott, Mrs. Rose Anne Thomas; National Security, Mrs. Louise Estapa; Pan American, Mrs. Nellie Loucanu; Past Pres. Parley, Mrs. C. Ladner; Poppy, Mrs. Nellus Rhodes; Publicity, Mrs. Jim Pfeiffer; Rehabilitation, Mrs. Gerald Favre; Hostess Chairman, Mrs. Gordon Rumanoff.

Demonstration Council Meets Friday, Aug 13

The Hancock County Home Demonstration Club met at the Agricultural Building Friday, July 13.

A group devoted to the meeting, with Mrs. J. P. Rousseau presiding. An outing for members was held today at the 4-H Camp at Ocean Springs.

Mrs. Rousseau announced that Ann Felder will be in Bay St. Louis August 31 to instruct 4-H Leaders and Home Demonstration members how to judge foods, preserves, etc.

She also informed the group that members wishing to attend the National Convention, which will be held at the Raleigh Hotel, Washington, DC, Oct. 29 through Nov. 5, should contact Miss Sarah Weaver as soon as possible.

Miss Elaine Massey, District Home Demonstration Agent will be the guest of the club at a special called meeting, when plans for a County Fair will be discussed, and information and suggestions will be offered by Miss Massey pertinent to staging such a fair.

Francisco Jose Manse Memas de Mendona of Lisbon, Portugal, was the guest speaker at the meeting. A member of the International Farm Youth Exchange, Senhor de Mendona will be in the United States for three weeks, where he will tour the country giving information on customs and the growing of fruits and vegetables in his native land, as compared to the methods used in this country.

A congratulatory letter from Miss Massey was read by Miss Weaver on the accomplishments of the members of the local club and the work they have done in this country.

John Novak, 44, Is Murdered; Howard Boyter Being Held Here

John Novak, 44, was found with a crushed skull near McClellan's bridge, Kiln Road, about 3:30 Saturday morning. Howard Boyter is being held, charged with suspicion of murder.

A preliminary hearing was waived Sunday at Kiln, and Boyter was remanded to the County Jail. He was denied bond pending a hearing before the Grand Jury.

It is alleged that Novak and Boyter engaged in a quarrel, and that Boyter crushed in the skull of Novak with a piece of wood.

Gaston Lee, Leetown, who was fishing near the two men, gave an eyewitness account of the incident it was said.

Lee reportedly told Sheriff Egloff that the two men were fishing, and that Novak was sitting on the ground. They became engaged in a heated argument, and Boyter was said to have grabbed the wood and beat Novak over the head.

Boyter denies all charges.

Nuel Haas of Kiln notified the authorities.

Novak, a native of New York, but more recently of New Orleans, had been spending some time with friends who had moved near Aaron Academy near the Pearl River County Line.

He has one son, Gene, who resides in New Orleans.

TED PERRY TO ADDRESS BROTHERHOOD MEET AT BAPTIST CHURCH

Ted Perry, President of Boys' Nation, will address the Brotherhood of the First Baptist Church at its regular meeting Thursday, Aug. 26.

The Brotherhood is organized and conducted by laymen of the Baptist Church to promote Christian fellowship and evangelism among men of all denominations in and around Bay St. Louis.

The meeting will begin with a supper prepared by men of the Brotherhood.

Tickets for the supper are on sale at \$1.00.

Infant Baptized

Alice Denise, infant daughter of Mr. and Mrs. James R. Parsons of Harlan, Ky., was baptized Sunday, August 15, at Trinity Chapel, in Harlan.

Sponsors by proxy were the baby's aunt and uncle, Lt. and Mrs. Richard H. Thames.

Mrs. Douglas Bourgeois, the maternal grandmother of the baby, who had been in Harlan for the last month, returned to Bay St. Louis following the baptism services.

'STRONGER' LIVESTOCK LAW IS FAVORED

The Harrison County Humane Society is on record favoring a "stronger" statewide law to keep cattle off the highways.

Mrs. C. O. Brown, secretary, said the board of directors instructed her to write Gov. Hugh White of the society's position.

A clamor for a stock law in this area followed a recent highway accident in which three persons were killed and 18 injured when a passenger bus left the road and overturned because of livestock.

The Harrison County Board of Supervisors has ordered livestock off Highway 49 after Sept. 1.

Good Samaritan Proves 'Not So Good'

Bonnie Bennett wishes today she had walked in to Bay St. Louis from the Trucktown. Or had stayed where she was.

She asked a stranger, driving a 2-tone gray Pontiac with Texas license plates if she could ride to Bay St. Louis from Trucktown Monday.

Neither the purse nor the two-tone Pontiac have been seen since.

'Jane' To Be Presented At Local Little Theatre

Viewing the Bay St. Louis Little Theatre's dress rehearsal of "Jane" by S. N. Behrman, this writer was convinced that an evening of special entertainment is in store for those who attend.

This energetic organization has undertaken a delightful story based on an original by Somerset Maugham, and through the direction of Barbara Quigley, worked it into a satisfying and amusing two hours and some minutes of swift-moving comedy. The dialogue is clever enough by far to substitute for any lack of specific action. This

writer is assured that the few minor faults usually found at a dress rehearsal will be completely ironed out by the time the play opens its doors on Friday, August 20 and Saturday, 21.

The principle role, that of Jane, is done by Juanita Miller. Mrs. Miller handles the transition from cocoon to lovely butterfly with ease and grace, and strength to the curious naïve character she evinces. Joe Vigulite, as her young and ambitious husband, is excellently cast and does his interpretation with proper justice.

Notable as the flustered society matron is a newcomer, Mrs. Phillip Foote.

Mrs. Foote's stint in a summer of stock gives her the poise and fine feeling for dramatics which makes her interpretation almost professional.

Phillip Allison as an estranged husband and Doctor Harold Keeler as one of the matron's suitors, do their individual roles with finesse and are perfect foils for Mrs. Foote's tall grace.

Karen Kergusien, recently chosen "Miss Hospitality" of Hancock County, has an opportunity to display another talent. This attractive young lady excellently plays the young daughter who, with David Treutel, enacts a pair of lovers faced with what seems like a gigantic obstacle to their future happiness.

Both young people are fresh and vibrant and form an interesting angle in this delightful vehicle.

Cleta Key Miller acts as the maid, her second role in this organization. The costumes are colorful and the setting in keeping.

The organization wishes to announce that the program is not limited to members, but is open to the public. The playhouse is on the corner of Boardman and "A" street and is easily accessible. Door admission is \$1.00. The theatre will be air-cooled for the comfort of its patrons and curtain call is for \$1.15. Come out and bring the family. It is well worth while.

REGULAR MONTHLY MEETING OF ARC SEWING GROUP HELD

The regular monthly meeting of the Bay St. Louis sewing group of the American Red Cross was held on Tuesday at the home of Mrs. Arthur Chapman Sr. on St. Charles St.

Members attending, besides Mrs. Chapman, were Mrs. R. M. Preis, Mrs. Matilda Johnson, Mrs. Ben Angus, Mrs. Paula Jenks and Mrs. Caroline Woodcock.

Fifty-five bids, made during the last month for use of geriatrics patients in the Gulfport Veterans Administration Hospital, were turned in. This brings the total number finished by the group to 106, which exceeds their quarterly quota of 100. The local group operates under the auspices of the South Mississippi Volunteer Service Council of the American Red Cross, which serves patients in the Gulfport hospital as well as the Biloxi Veterans and Keesler Field Hospitals.

Plans were made by the women to attend the quarterly meeting of the Council, which will be held at Keesler Field in September. This will serve as their September meeting. The next meeting will be held in the home of Mrs. R. M. Preis on the second Friday of October.

Materials for the bib project were furnished by local donations. Further contributions of material for the completed quarterly quota will be appreciated. Materials needed are any amount of washable cotton material in not less than half-yard lengths, seam binding and thread.

SENATE PASSES PROMOTION BILL

Ignoring a request by President Eisenhower to delay action, the Senate today passed a bill intended to give reserve officers of all the armed services the same promotion opportunities held by regular officers.

Sen. Margaret Chase Smith (R-Maine) won approval of her proposal after contending that some regular officers in the Pentagon were not doing their jobs as well as the reserve officers.

The measure now goes back to the House, which passed it a year ago, for consideration of a minor Senate amendment.

One amendment delays effective date of the act until next July 1 so the administration may propose any changes or additions before it goes into operation.

Mrs. Smith said Senate action had been delayed most of this session by "Pentagon resistance" to most programs for "civilian soldiers."

Pentagon officials asked the Senate to delay action on the bill until the administration presented its overall "new look for the reserves" proposal.

President Eisenhower in an unusual letter, July 27, asked Chairman Saltonstall (R-Mass.) to delay action by the Armed Services Committee on the bill, writing:

"Legislation on reserve promotions now before your committee reaches far into the fundamentals of the reserve program; it should, therefore, be withheld until the entire system can be tightly evaluated as we are now doing."

At present regular career officers of the armed services are periodically considered for promotion, and if they fail to qualify are separated or retired.

The pending bill would apply a similar system to 660,500 reserve officers.

5-Year-old Boy Is Drowned In Bayou Tallah Sunday

Five year old Thomas Haas, son of Mr. and Mrs. Vernon Haas of Cyrt, Okla., was drowned Sunday afternoon about 2 o'clock, when the boat in which he was riding with other children swamped in Bayou Tallah near the mouth of Jordan River.

Mrs. Allyene Haas, an aunt of the boy, said he was in a square boat with Olan Nelson, Kiln.

Deputy Paul Egloff reported the water began breaking over the bow, flooding the boat causing the sinking.

Laura Jean, 8-year-old sister of the drowned boy was rescued by Nelson, and the other children swam to safety. Prolonged efforts were made to revive the youth, whose body was recovered in about eight feet of water by Russell Mitchell.

The Haas family were spending their vacation at Kiln with relatives.

In addition to his parents the boy is survived by four sisters and one brother.

Funeral services were held from Fabey Funeral Home with religious services from the Church of the Annunciation at Kiln at 10 o'clock Tuesday morning.

Interment was in Bayou Coco Cemetery, Kiln.

The drowning was the 18th of the year in Coastal waters.

GOV. WHITE SAYS COTTON CROP POOR

Gov. Hugh White, just returned from a day-long inspection of the state penitentiary at Parchman, deplored the condition of the cotton crop on the prison farm.

The crop is "in bad shape," he said, adding there would be "no cash crop of any consequence as it looks now. And this is the third year in succession."

The deterioration of the cotton crop all through the section between Jackson and Parchman is "just pathetic," he said.

"I've never seen cotton dry up and twist up and look worse than it does there now. If they got 50 per cent of their crop, they'll be lucky."

Two weeks ago, he said, Supt. Marvin Wiggins told him he expected about 6,500 bales of cotton. Now, White said, there probably will be about 3,500 bales.

Turning to the maximum security unit for trouble-making prisoners, Governor White said he expected the crop to be moved in about 30 days.

"Wiggins said about two weeks," he said, "but I give them 30 days."

He said the unit still needs some work before the men can use it. Cells have to be painted and the area cleaned up.

"And," he said, "they need four more guards. I'm going to ask the Legislature (when it meets in special session on Sept. 7) to provide four more."

"They'll need sergeant pay for that work but there won't be any additional appropriation."

WAVELAND WANDERINGS

BY GEORGETTE HALL

Young J. D. Bourgeois, son of Mr. and Mrs. Ducre Bourgeois of Waveland, celebrated his eleventh birthday Saturday afternoon at a party well attended by many of his friends. The gathering was held in the shaded yard of his home on Market St. All of the young people enjoyed the delicious birthday cake, punch, cookies and games.

Among the guests who helped sing "Happy Birthday" were: Patricia Bourgeois, Bobby Landers, David and Larry Thibodeaux, Sally Yarbrough, Eileen Clesi, Buddy Wilson, Patsy

Bozeman, "Bee Bee" Bozeman, Miller Bozeman, Lynne Hall, Anton Brankovic, Michael McGill, Aggie Bourgeois, Stanley Weidman, Delia Wendman, Butch and Red Hendley, Cathy and Carol LeNasa, Joey and David Mc Mahon, Karl Ditz, Robert Kline, Rev. and Patsy Elliott, Mary Tom, Don and John Luther and Gail and Lynn Drea.

Last Sunday morning at 9 a.m. the ground for the new Educational Building of the Waveland Baptist Church was dedicated with members of the church and invited guests taking part in the ceremony. Rev. O. B. Anderson and Rev. Schuyler Batson of the Bay St. Louis Baptist Church were in charge.

Plans are being completed this week for the building of a Methodist Church on Waveland. The site is on Railroad Ave. and Faver Lane. The building

will be constructed of concrete blocks. The church ground was broken and dedicated on July 4, 1954. The actual construction of the building will start within a few days.

Services are being conducted every Sunday morning and Thursday evening at the home of Rev. and Mrs. R. B. Anderson, 260 Jeff Davis Ave. Sunday school is at 10 a.m., following morning worship at 9 a.m. Prayer meeting is at 7:30 p.m. on Thursdays.

You are welcome and invited to attend services. The Rev. Charles Schulz of the Bay St. Louis Methodist Church is in charge.

Anyone who is interested in this church may get further information from Mrs. T. H. Bruckman, Sr., 479 J of 728 Beach Blvd.

This column would like to commend the Waveland Fire Department and the volunteer firemen who on Saturday helped to save the beach home of the Wegmann family when a flash fire occurred while the butane tank was being filled. It was just a matter of minutes before the engine arrived on the scene and the men went to work. The garage, back porch and automobile already were in flames and the entire house and nearby cottages would have also been consumed in flames if the men hadn't worked so hard to control the blaze. To the glory of Waveland who have seen fires here in the past burn uncontrolled, leveling many homes, and upon several occasions, whole blocks of homes, the quick, deliberate action of the fire department was most rewarding. Keep up the good work.

Miss Barbara Villere, daughter of Mr. and Mrs. Mel Villere, was the winner of the new Ford automobile in the recent subscription contest sponsored by the Hancock County Eagle. She extended her thanks through this column to all of the people who so kindly gave their support to her in this contest. Barbara appreciates the many votes that came to her from friends and merchants, both locally and in New Orleans. She knows that everyone will enjoy reading the Eagle. We happen to know that several copies of the paper have been sent to hospitals and to other shut-ins. No finer service can be given to sick folks than to bring a little news and brightness into their lives. The Eagle will be doing that for a long time to come. Once more, congratulations, Barbara.

Mr. and Mrs. Jefferson Ruck, and their grandchildren Adrienne and Cheryl Ruck of New Orleans, have been vacationing in the Ed Gipson cottage and have now returned to their home in the city.

Guests of Mr. and Mrs. Ed Gipson on Sunday were: Mr. and Mrs. V. J. Main of Covington, La.; Mr. and Mrs. L. J. Martello and children; and Mrs. M. Martello of New Orleans.

Mrs. P. Collier and sons, Edward and Richie of New Orleans have

been guests this week of Mr. and Mrs. Mel Villere and family.

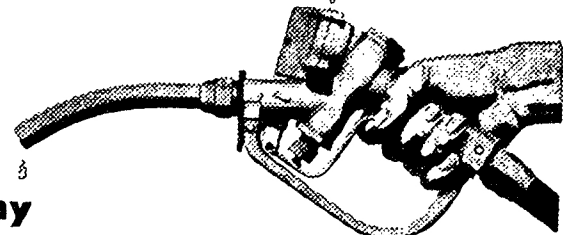

Mrs. Ed Tucker underwent surgery Monday at Hotel Dieu in New Orleans. Her family, relatives and many friends wish her a speedy recovery.

Alphonse Favre Sr. is hospital-

Be sure you get the best of these big 4

1 price

Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to sell for less!

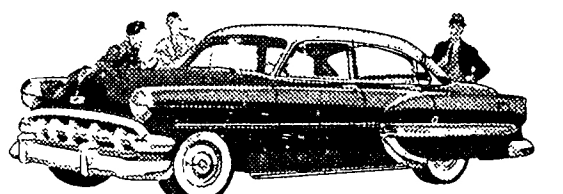

2 economy

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive!

3 performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the highest-compression power of any leading low-priced car. Come in for a demonstration ride!

4 appearance

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!

Gulf Chevrolet Co.

BAY ST. LOUIS, MISS.

First Primary Election
Democratic Party
August 24, 1954

FOR UNITED STATES SENATE
(Vote for one)

James O. (Jim) Eastland ☐
Carroll Gartin ☐

FOR REPRESENTATIVE
6th Congressional District
(Vote for one)

Clem James Britton ☐
Wm. M. (Bill) Colmer ☐
Walter Shackelford Lowry ☐

FOR CHANCERY JUDGE
8th District
(Vote for one)

Cornelius J. Ladner ☐
D. M. Russell, Sr. ☐

CARROLL GARTIN

The People's Candidate

For U. S. SENATOR

Will Be Elected On August 24 Because . . .

THE VOTERS WANT A FULL-TIME SENATOR

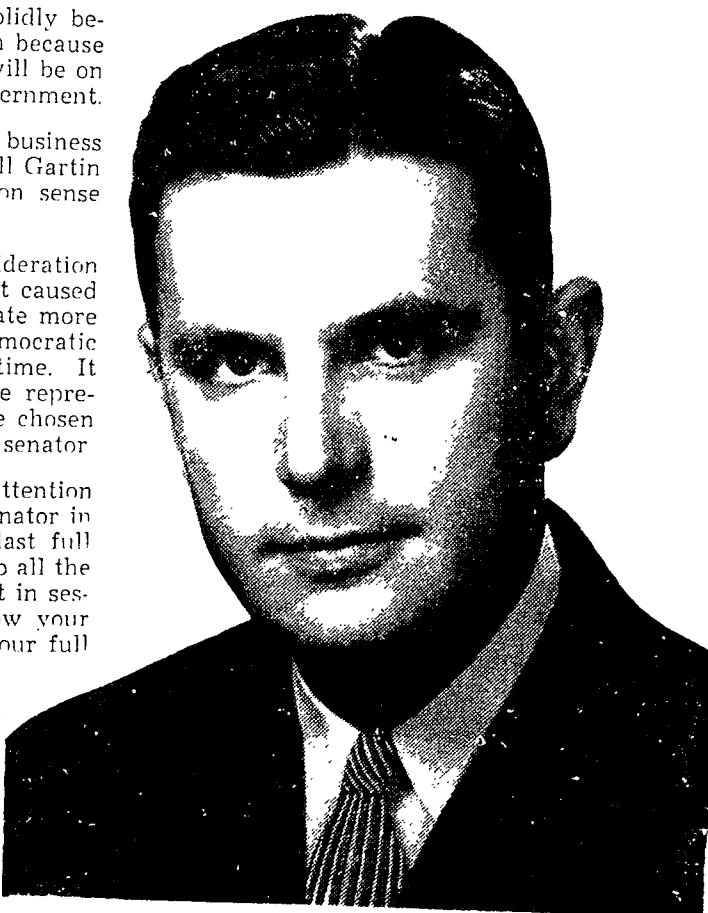

The thinking people of Mississippi are lining up solidly behind Carroll Gartin for U. S. Senator. They are for him because they know that by electing a man of high calibre who will be on the job full time, they will be casting a vote for good government.

The veterans, the farmers, the school teachers, the business people, the average citizens of Mississippi are for Carroll Gartin because they know he was talking good, solid, common sense when he said:

"Devotion to duty is worth more than any other consideration in the American congress. It was devotion to duty that caused Sen. John Stennis to be chosen to preside over the Senate more than any other member during the last year of the Democratic administration, even though he was a freshman at the time. It was loyalty to the Democratic party and the people he represented that caused Sen. Lyndon Johnson of Texas to be chosen as Democratic floor leader while he was still a freshman senator.

"No other factor can approach the importance of attention to duty," Gartin continued, "and if you elect me your senator in the August 24 Democratic primary, I pledge you the last full measure of loyal and devoted service. I will be on the job all the time that congress is in session, and when congress is not in session I will be visiting with you that I may better know your problems and your wishes. In other words I will be your full time senator."

That is why the voters of Mississippi are going to elect Carroll Gartin their U. S. Senator on August 24th. They know that only a man who will devote his entire time and energies to the job can be of value to the people he represents. They know that Carroll Gartin will make the total fight for legislation to benefit the people of Mississippi and the nation. That's why you should . . .

HELP THE PEOPLE WIN

By

VOTING CARROLL GARTIN IN As U. S. SENATOR

(Read and approved by Philip Sheffield, campaign manager for Carroll Gartin)

Iron Lungs Have Saved Life of 1,000 Polio Patients Already this Year

NEW YORK—Iron lungs and other respiratory equipment have meant the difference between life and death for 1,000 polio patients so far this year, and thousands more will need these breathing machines to keep them alive before the end of the year.

This was disclosed today by Dr. Kenneth S. Landauer, assistant medical director of the National Foundation for Infantile Paralysis, in explaining one of the unrelenting reasons behind the current Emergency March of Dimes campaign which will run until Aug. 31.

Dr. Landauer, revealing that the percentage of severely paralyzed patients had been increasing during the last few years, gave these two reasons for the rise:

1. Many critically paralyzed patients, who in former years would have died, now survive because of improved care and treatment.
2. Polio is attacking more adults and a higher percentage of these patients suffer severe paralysis.

"While many of the new polio patients requiring iron lungs and other breathing aids this year will need them only for a few days or weeks, many will become long-term prisoners of their iron lungs. They will join the almost 2,000 respirator patients from previous years whose horizons are still limited to their six-by-three-foot machines. These polio prisoners must not waste away their lives dependent on mechanical breathing to keep them alive.

"Fortunately, improved techniques of treatment and rehabilitation have been developed—largely through March of Dimes grants—that now offer real hope of freeing the majority of such respirator patients. But it is an expensive process and more funds are urgently needed to do the job," Dr. Landauer emphasized.

Long-term polio patients have done much to exhaust March of Dimes funds this year. This is a major reason why an Emergency March of Dimes must be held Aug. 16-31.

As I See It . . .

By DR. C. M. SHIPP

I have been asked to write an article to help prevent the discomfort of heat. Why pull a doctor out of his field of learning and hand him a subject like this? These are my own ideas. Don't ask for the proof.

Here it comes! This discomfort is caused by the weathering conditions. Mark Twain has said: "Everybody talks about the weather, but nobody does anything about it." The Negro's philosophy is a splendid attitude to accept. According to the lay of the land, when you can't stand a thing you just cooperate with the inevitable.

The moral is, if you can't win the opposition, join 'em.

Man doesn't stand alone in fighting the evil of heat. Nature makes a mighty contribution. She is the individual dean in the production of heat. She gave him a sweating mechanism. She makes him breathe faster, throwing off heat through his lungs. She brings to the surface large quantities of blood to be cooled. She changes the chemistry of his body fluids and once in awhile gives him a gentle breeze to hurry evaporation.

Now, where does all this heat come from? Certainly not from the atmosphere of wind that blows upon us. The heat comes from the ground and the hard solid objects on the ground that can absorb heat. When the ground gets hot, the wind blowing across the earth gets heated up.

What makes the earth get hot? Well, of course this heat comes from the sun. Heat comes from the sun's rays; you can't see these rays but you can feel them and maybe suffer pain from the feeling. This is a delayed skin reaction that does not always turn brown but instead an ugly pinkness.

These sun rays travel at the speed of light or seven and a half times around the earth in a second. If you can imagine that, this is millions of times faster than anything made by man.

This is what happens. The energy built up while traveling at this terrific speed has to go somewhere. The only thing it can do is to be transferred into another kind of energy. Here we see speed energy transferred into heat energy, causing sweating freely to maintain electroly-

by the earth's resistance to speed. Meteorites, commonly called falling stars, peter out by friction and disintegrate when they enter the earth's heavy atmosphere. This does not happen with the sun's rays. How these rays are speeded out of the surface of the exploding sun and at what speed is not fully understood.

Anyway, they are always in a hurry and are pretty hot stuff when they reach us, we all agree.

We look at the sun and imagine that we see it, but this is not so. We see the sun as it was eight minutes ago. If this is so, these rays travel 93 million miles in eight minutes. How can anything hold together and keep its shape at this terrific speed?

In outer space there is no atmosphere such as we breathe. It is almost a complete vacuum. Dark as Egypt, whatever that means, and three or four hundred degrees colder than any first bitten spot on this earth. We can't get friction heat in a vacuum and in a temperature such as this. These are the things that baffle and perplex the mind—that is, if we have energy enough to dig into it. We partially understand how it happens, but we don't know why it happens.

Now we are going to cooperate with the inevitable mentioned earlier. Don't take aboard a cargo of heavy or too much food with enormous units of energy that have to be stored as fat. Don't get into a useless argument, for this overworks the heat center in your brain, which is usually the end result of all arguments.

Open up your radiators with short sleeves, low necks and light clothes. Light, thin porous clothes of cotton allow the water poured out in the form of sweat a chance to evaporate. All chilling processes are based on evaporation.

This gave Lord Kelvin the idea to build the first refrigerator. And what a blessing this brought into every home. What a boon to public health, what a boon to his pasteurization and Lord Kelvin with his refrigeration in the home. This did away with rotting food in present day temperatures. Yes, it removed the meat and milk where. The only thing it can do is to be transferred into another kind of energy. Here we see speed energy transferred into heat energy, causing sweating freely to maintain electroly-

CONGRESSIONAL SIDELIGHTS

by CONGRESSMAN WM. M. COLMER

This session of Congress has drawn to a close. It has moved to plug some loopholes through which Communists and subversives have escaped exposure and in some cases conviction for espionage activities.

The most recent bill in the subject was passed by the House last week, 293 to 85. It was the so-called immunity bill, and its passage reflected the popular reaction against the abuse of the Fifth Amendment by I refuse to answer activities.

Recent abuse of the Amendment has been rampant. Too many witnesses have refused to answer questions especially when questioned about Communist activities. These refusals have caused the House to act.

The application of the House bill is limited to cases affecting the national security. A witness granted immunity could only be done after a Federal judge approved the action in a particular situation. If he refused he could be sent to jail for contempt. And if he were to be sent to jail for contempt, he would be sent to jail for contempt.

Entirely too many people who are out to destroy our constitutional system have been permitted to hide behind the Constitution while engaged in their attacking maneuvers. This bill, if enacted, will strip away this "immunity" and rob the subversives of a convenient weapon.

Another recent bill passed by the House would strip citizenship from persons convicted of seeking violent overthrow of the Government. The law already provides for revocation of citizenship for persons convicted of treason or of bearing arms against the United States.

Another House approved measure would permit wiretapping evidence in security cases to be admitted in court. It will be recalled that Judith Coplon's conviction was reversed by the Supreme Court because some of the evidence was obtained as a result of wiretapping. Under the terms of the House bill upon application to a Federal Judge, permission may be secured to tap telephone lines in specific instances involving national security. This will serve to plug another loophole.

These and other measures dealt with in Congress this year will help to better the hand of the FBI and the Justice Department in the fight to rid our Nation of Reds and Pinkies. In line with our custom, we are discontinuing this column during the congressional recess and are heading for South Mississippi.

finally enacted, will strip away this "immunity" and rob the subversives of a convenient weapon.

Southern Pine Beetle Activity Continues

Southern pine beetle activity continues at a pace that is expected to remain high for the next two months, tapering off as the winter season begins.

During the past three weeks, 245 new beetle infested areas were reported by Rangers Jack Kirby and Bob Beal of the US Forest Service. Bob Beal of the Mississippi Forestry Commission and Pat Malloy of the Louisiana Forestry Commission.

Beal and Kirby are at work in the area and continue to kill the beetle at a rate about equal to the beetle's ability to multiply. Malloy said that this control work must be continued at a steady pace if the beetle numbers are to be kept under control.

He said over 4,000 trees have been sprayed during the last three weeks. Malloy said that the beetle's ability to multiply is being kept under control.

The southern pine beetle has been found in parts of Alabama and Tennessee. The Southern Pine Beetle Control Committee is paying special attention to beetle activity in the Northern part of the infested area as they seem to be building up more rapidly in that part of the zone.

WILDCAT OPERATIONS ARE PLUGGED IN CALHOUN CO.

Honolulu Oil Corp. has abandoned its Calhoun County Wildcat operations with the plugging of Davis No. 1. The Davis No. 2 was drilled to a total depth of 8,300 feet with plugging order given after electrical log was run last week.

The discovery well of the Bolton field has been officially completed at the rate of 288 barrels of 37 gravity oil per day on a 8-64 inch choke with a tubing pressure of 1050 pounds.

NOTICE TO BIDDERS

Bids will be received by the Mayor and Board of Aldermen at the Waveland Town Hall before 7:30 p.m. Sept. 7, 1954, for furnishing the following:

1 1-ton Truck, Chassis and Cab, 6 cylinder, equipped with 5 6.00 x 16 6-ply tires. Equipped with Morrison Carvill Service Body. Model B-750, painted to match chassis and cab, with Morrison Carvill pipe rack on one side and a Morrison pipe vice bracket. The Board reserves the right to reject any and all bids.

A Statement From the Practicing Attorneys About the Chancery Court and Our Present Chancellor

In addressing this public statement to our clients, our friends, and fellow citizens with reference to the jurisdiction, dignity, and importance of the office of Chancellor of the Chancery Court, we do so in remembrance of the fact that all matters before this and other Courts, because of the complexities of the rules of the Court, are necessarily handled by lawyers; and as lawyers, therefore, we have the obligation of faithfully representing our clients in Court.

This duty can only be carried out when the lawyer remains concerned about the character and ability of the Judge of the Court; and as members of an old and honorable profession, who, under the English system of jurisprudence have represented others for over a thousand years, we respectfully present the facts as we know them with reference to our Chancery Court and the consequent need of a highly moral, deeply learned, honest and conscientious man as Chancellor.

We first want to say to the public that the Chancery Court is one of the oldest institutions in common law history and that it came into existence first, because in some cases, the law itself neither brought relief from wrongs committed or prevented the commission of wrong, and therefore in the conscience of the sovereign, there was sought some relief for those who could not be aided by the provisions of written or unwritten law and for this reason, Kings began to hear complaints and to give relief based upon equity, which is pure justice, rather than law; and, as the demands increased, this duty devolved upon a Chancellor and later gave rise to the system of the Chancery Courts which we, as Americans, under the provisions of our Constitution, inherited from England.

Therefore, the Chancery Court is not a Court of law, but a Court of equity and good conscience, open to all who have claim of right, not always granted by the law, or who seek refuge from a wrong, not always prevented by the law, and in addition to this jurisdiction, the Constitution of the State of Mississippi and the statutes of the State, have conferred other duties upon the Court, vast in scope and high and varied in character, which duties include, but are not limited to the confirmation of land titles, the handling of all matters of domestic relations, estates of decedents, minors and insane persons and general jurisdiction over the custody and control of minor children; so we can readily see that within the varied jurisdiction of this Court we find matters involving our lands and other property when living, the administration of our estates upon our death, custody of our children's money, and more sacred yet, the control and direction of these children while minors, and to this is included all of the matters of such tremendous importance which go along with the settlement of marital disturbances.

To handle this work satisfactorily and in keeping with the original purpose of the high office of Chancellor as known, both in the English and American law, a man must not only have mature experience, great legal learning and high moral character and integrity, but, he must also be in a way the keeper of the conscience of the people, and therefore, he must be impartial, a tolerant man, a kind man, a religious man, and a man who loves his fellow men.

Fortunately, for this Eighth District, for the past sixty (60) years, men of this high type have served as Chancellor of this District, and of those who have gone, we call to mind the names of Chancellors Hill, Wood, Stevens, Denny and Griffith, all

men of eminence, having the high moral character we speak of and two of whom, Chancellors Stevens and Griffith, for many years after serving as Chancellors, were eminent members of our Supreme Court.

It is indeed fortunate for this district comprising the Counties of Harrison, Hancock and Stone, that for the past 25 years the above men have had an illustrious successor in the high office of Chancellor in our present Chancellor, Hon. D. M. Russell, who came to this high office after many years of service as a professor of law at the University of Mississippi, to which position he had been called from further service of eight years as Chancellor of an adjoining district. And, if nothing else existed to recommend Judge Russell to the people of this District, his work as law professor would be sufficient; for at the Bar of Mississippi there are no more distinguished leaders than the men who as students of the University of Mississippi were fortunate enough to share the learning in law, character and ethics than being taught by this fine man.

Judge Russell is a deeply religious man; still, his religion is in no way tinged with any manner of intolerance, for his actions in and out of Court show him to be the friend and willing helper of every other man who believes as he does, in one Great and omnipotent God. Judge Russell is also a deeply learned man, at all times unaffected by his learning and knowledge of the law and modest to the point of embarrassment when it is referred to by the lawyers before him. Judge Russell is a plain, human man, understanding the weaknesses and the strength of his fellow man, with always some thought of sympathy for those who have failed in this strength; and, in addition to this, he brings to the great office he holds, the conscience, which the law says shall be a part of that office, so that its affairs will always be conducted in remembrance that the main purpose of its creation was to surmount the law, with Justice and right and equity.

Our Chancellor's private life is one that could well be emulated by any citizen of this State without loss of any of the fine things which go with life, and although it has brought great happiness and great sorrow, these emotions have been as calmly resolved, as he has resolved, the many complex questions touching the lives and property of thousands of people who have received justice in his Court.

We therefore say to our friends, that this Chancery District is indeed fortunate, that a man who has had so many high honors and has served his land for so many years has expressed his willingness to serve it for a further term of four years as Chancellor of this District, and while we, as lawyers, would not in any wise attempt to dictate to a client or friend his choice in any election held under our law, we feel honored and proud that we may present to the electors of this district, that no Judge in the State of Mississippi, at this time, stands in higher esteem both as to learning, character and kindness, than does Judge D. M. Russell, and we further believe that the welfare and best interests of all the people in the district will be served by returning Judge Russell to this high office.

We, therefore, expressly hope that upon August 24, the electorate of this district will again grant us the privilege of serving for the coming four years at the bar of a great Court of Justice presided over by a great Judge, D. M. Russell.

Respectfully,

Local Grid Teams Start Early Practice

The Bay High Tigers began their training last Monday under the direction of Lance Lumpkin. Lumpkin came to Bay High from Shidell where he was assistant coach during the last year. During the 13 years he was head coach at Shidell, Coach Lumpkin was head coach at Long Beach. He will be assisted at Bay High by coaches Robert Ladner and Donald Caldwell.

Thirteen of the twenty-four boys who showed up at the field Monday were 1953 lettermen. Co-captains for the coming season will be Kent Sellier and Charles Moran, both Seniors. Bay High will open their season September 17 when they journey to New Orleans to meet Nicholas High at NORD Stadium. Nicholas has a triple A rating, while Bay High is in the A class.

In their 10-game schedule, the Tigers will play five away and five at home. Last year's lettermen that are returning to the team include Kent Sellier, Charles Moran, Johnny Brooks, Larry Landrum, Fred DeHaan, Manuel Mauriga, Tommy Holden, Donald Cole, Donald Landers, John Perkins, Hugo Favre, Henry Monti and Milford Favre.

The Tiger schedule is:
Sept. 17—Nicholas (of N.O.) there
Sept. 24—OLV (Pasadena) here
Sept. 30—Pass Christian, here
Oct. 8—Perkinston, there
Oct. 15—Long Beach, here
Oct. 23—Poplarville, there
Oct. 29—Petal, here
Nov. 5—Piquette, there
Nov. 11—Lucedale, here
Nov. 19—Piquette, there
(* Tentative)

MARCH OF DIMES
AUGUST 16 TO 31

REGULAR MONTHLY MEETING OF ARC SEWING GROUP HELD

The regular monthly meeting of the Bay St. Louis sewing group of the American Red Cross was held on Tuesday at the home of Mrs. Arthur Chapman Sr. on St. Charles St.

Members attending, besides Mrs. Chapman, were Mrs. R. M. Preis, Mrs. Matilda Johnson, Mrs. Ben Argus, Mrs. Paula Jenks and Mrs. Carolyn Woodcock. Fifty-five bbs, made during the last month for use of geriatrics patients in the Gulfport Veterans Administration Hospital, were turned in. Thus the group to 106, which exceeds their quarterly quota of 100. The local group operates under the auspices of the South Mississippi Volunteer Service Council of the American Red Cross, which serves patients in the Gulfport hospital as well as the Biloxi Veterans and Keeler Field Hospitals.

Plans were made by the women to attend the quarterly meeting of the Council, which will be held at Keeler Field in September. The next meeting will be held in the home of Mrs. R. M. Preis on the second Friday of October.

Materials for the bib project were furnished by local donations. Further contributions of material for the coming quarterly quota will be appreciated. Materials needed are any amount of washable cotton material in not less than half-yard lengths seam binding and thread.

MRS. AGNES CHEVIS IS BLUE JEANS HOSTESS

Mrs. Agnes Chevis was hostess to the Blue Jeans Garden Club Monday, entertaining the group on the large front porch of her recently remodeled home at Kiln. Co-hostess was Mrs. Mary Fleming. Mrs. Roy Dennis presided.

Enjoying the cool breezes sweeping over the wide expanse of lawn were Mrs. McCoy, Richmond, Landry, Ladner, Saleeby, Hankins, Finn, Becker, Russ, Bing, Rousseau, Voight, Moran, Agreard, Dantagnan and Cape.

Winning awards in the various classifications were:
Mrs. McCoy, zinnia arrangement
Mrs. Rousseau, sweetheart rose miniature
Mrs. Chevis, Potted Coleus
Mrs. Bing, Zinnia Mariculture
Mrs. Saleeby, Dandelion Okra arrangement
Mrs. Voight, entrance
Present as a guest of the hostess was Mrs. Wallace C. Davis Jr.

Births

Mr. and Mrs. Emmett Demoran announce the birth of a son born Friday, August 13 at King's Daughters Hospital at 2:30 p.m. The baby will be named Charles Elliott and weighed 5 pounds, 3 1/2 ounces at birth. Mrs. Demoran is the former Hazel Cox.

Mr. and Mrs. Howard Thornton announce the birth of a son Friday, Aug. 13 at King's Daughters Hospital. The baby weighed six pounds, three and a half ounces.

Mr. and Mrs. Jack Holly announce the birth of a son at King's Daughters Hospital Sunday, Aug. 15. The baby weighed 7 3/4 pounds. The mother was before her marriage Miss Theresa Lacoste.

Sgt. and Mrs. Herbert Schall of Limestone, Mo. announce the birth of a daughter, Elaine Marie, Sunday, Aug. 15. Mrs. Schall was before her marriage Miss Gertrude Saucier of this city.

threat is to succulent green cotton plants. Bollworms prefer this type to the wilted, cutting-out cotton," he added. He urged Mississippi farmers who find bollworms in their fields not to stop poisoning until an examination shows no worms present.

MRS. S. H. SHOEN DIES

Mrs. Sterling H. Schoen, native of New Orleans and wife of a faculty member of Washington University, St. Louis, Mo., died Saturday in St. Louis after a brief illness. She was 31.

She was the former Miss Dorothy Killeen, daughter of Joseph L. Killeen, senior partner in the Fitzgerald Advertising Agency, and Mrs. Laura Spurl Killeen. The parents reside at 30 Fontainebleau, New Orleans.

Besides the parents, Mrs. Schoen is survived by two sons, Sterling H. Schoen Jr., and Richard Alan Schoen, both of St. Louis; one son, Mrs. Albert Willumatis, of New Orleans, and the auxiliary funeral home of Jacob Schoen and Son at 10 a.m. Monday, followed by requiem mass at St. Rita's Church, 2729 Lowerline Interment Mrs. Schoen had lived in St. Louis the last two years.

A marker designating Mississippi State College for Women as the oldest college of its type in the nation has been placed by the Mississippi State Historical Commission at the intersection of Highways 82 and 45W between Columbus and Starkville. The inscription on the marker reads as follows: "East 12 miles. Oldest state-supported woman's college in the United States."

South Mississippi Chooses A Congressman

We elect a U. S. Representative in our Democratic Primary Election next Tuesday, August 24th.

COLMER IS THE CHOICE

because
He Is
The Qualified Candidate:

★ RANKING MEMBER

and spokesman for the Deep South on the powerful Rules Committee. Through it flows all major legislation—for the benefit of the farmer, the laborer, the businessman, the older citizen, the national defense, and all other segments of our economy.

★ LEADER OF HOUSE SOUTHERN GROUP

Chosen by his Dixie colleagues to lead the fight which has successfully resisted legislation aimed at the South. Occupies a strategic position similar to Georgia's Russell in the Senate.

★ CHAIRMAN

Post-War Economic Policy and Planning Committee, 78th-79th Congresses, which as early as 1945 blue-printed Russia's plan to conquer the world through the strategy of the cold war.

★ SERVANT OF ALL

Never too busy to lend a helping hand to the most humble constituent, and as an experienced, top-ranking Congressman he knows how to help.

YOUR VOTE FOR CONGRESSMAN BILL COLMER

On August 24th

Will Be

A VOTE TO KEEP SOUTH MISSISSIPPI IN A PLACE OF

LEADERSHIP IN CONGRESS

Submitted to and approved by William M. Colmer

LOGTOWN

Locals...

BY CLAUDIA MURPHY

Charles E. Wright, daughter, Lillian, and a friend, Muriel Feltes, have returned from a trip to Pine Bluff and Little Rock, Ark.

Mr. and Mrs. C. W. Fountain spent the week end in Hattiesburg with their daughter and son-in-law Mr. and Mrs. B. A. Arendale.

A linen and lingerie shower was given in honor of Miss Helen Ruth Moran at the Masonic Hall in Logtown Thursday, August 12. The gifts were presented to Miss Moran in a wishing well full of wishes for Miss Moran and Rev. Lee Hudson, who will be married August 21 at the First Baptist Church at Logtown.

Hostesses were Mrs. Cora Johnson and Mrs. L. B. Wright.

Miss Nolen Linder of Bay St. Louis spent last week with Clayton Strahan.

Allen Wilkinson is home on a 14 day leave from San Diego, Calif. where he is stationed. Allen is in the Navy.

Mr. and Mrs. J. P. Starks of Biloxi visited his sister, Mrs. C. B. Murphy Thursday.

We are happy to hear that little Sonnie Dean, daughter of Mr. and Mrs. Harland Dean, is back home from Mercy Hospital where she underwent treatment.

Neighborhood Prayer Groups are being held this week prior to the revival at Logtown Baptist Church, which begins August 22. Rev. Milton E. Scott, Evangelist, will be the speaker at the revival.

Announce Birth

Mr. and Mrs. Cyril Piazza, Picayune, announce the birth of their second child, Cyril Eugene Jr., born Friday, Aug. 13 in Picayune. The mother was before her marriage Miss Beverly Bennett, Picayune.

The baby is the grandson of Mrs. Mildred Piazza.

NOTICE

Because of several false rumors going around town it has become necessary for me to publish this notice:

1. I am not moving to Gulfport

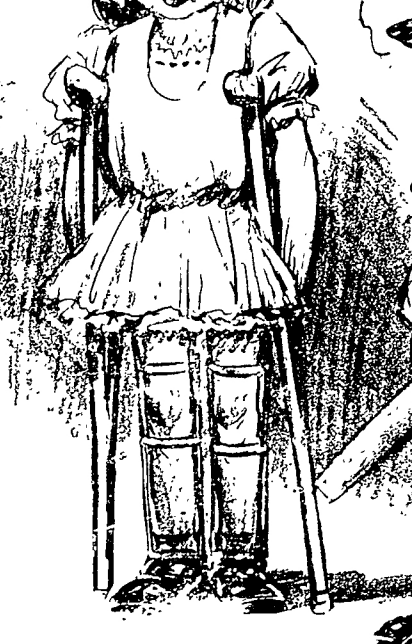

2. I am glad to take house calls at any time

Signed

T. A. QUIGLEY, M.D.

A LOT OF US MAY NOT GET ANY MORE HELP BECAUSE THERE'S NO MORE MONEY LEFT IN THE MARCH OF DIMES!

YEAH—THAT'S BECAUSE THOUSANDS OF US GOT VACCINE AND GAMMA GLOBULIN SHOTS THIS YEAR
